"Committed to Excellence in Dentistry"

Treatment Planning Central

Clinical Treatment Planning

- Treating Clinician: Dr. Forman and Richman

CSR

- **Facilitating a Patient's Choice for Better Dentistry**

- Determine patient's desired expectation
- Complete a comprehensive exam to delineate risk factors
- Educate patient – how their risk factors affect their desired expectations (communication)
- Discuss means to reduce risk factors – treatment needed and alternatives, plus timing and staging
- Determine if patient can accept the price of treatment and work with them in this regard.
